

Webster Forest Nursery Seedling Sales Guidelines for Winter 2020-21

As of the 2019-20 planting season, the nursery no longer processes orders on a first-come, first-served basis.

To order seedlings for the 2020–21 planting season

1. From August 1, 2020 to August 31, 2020 – Email or mail the form to place your name on the seedling register. We will need your name, preferred contact method (email address or phone number), and what you would like to purchase: quantity, species, stock type, county where they will be planted, and elevation.

2. After all the registered customers have had an opportunity to order seedlings, then the quantity limits will be increased or eliminated and customers can order additional seedlings. Check the Webster Nursery website on October 1, 2020, for more information: dnr.wa.gov/programs-and-services/forest-resources/webster-forest-nursery

It is up to the customer to choose the pick-up or shipping date (starting in the third week of December, depending on weather conditions).

Update as of October 1, 2020

To order seedlings for the 2020–21 planting season

All our pre-registered orders have been filled.

At this time we are still taking orders on a first come first serve basis.

If you are interested in purchasing seedling please call us at 360-902-1234 to inquire about availability.

For customers with existing orders – seedlings are available December 15, 2020 through April 15, 2021.

Please call us one to two weeks before you would like to pick up your order or have it shipped to you
